Dr. David Crumpton

David Crumpton, DDS ... An Uncommon Combination of Expertise, Skill and Truly Gentle, Compassionate Dentistry

State-of-the-Art Cosmetic, Restorative & Family Dental Practice Earns Praise From Its Patients

By Anna Henry

Many of us have had a less than pleasant experience at the dentist, but if you talk to Dr. David Crumpton's patients, they have a different story to tell. They openly thank him and his staff for their experience and the outstanding quality of the dental care they receive. Even patients who were once extremely fearful of dental procedures express their appreciation for the gentle, caring touch and concern that Dr. Crumpton and his team provide.

"We take pride in offering each patient a safe, gentle, comfortable dental experience of the highest quality," says Dr. Crumpton. "Our goal is to provide the best cosmetic, restorative and general family dentistry services available, giving patients dentistry that lasts a lifetime."

Along with his personable chair-side manner and friendly, well-trained staff, the practice is popular with both children and adults, and with most new patients coming from personal referrals. People travel from around the Metroplex and become patients for life due to Dr. Crumpton's unique combination of genuine concern about each patient's welfare, uncompromising skill, experience, expertise and gift of empathy.

Patients Express Their Appreciation

While most of us have never considered writing a letter of thanks or praising our dentist, it is not surprising that Dr. Crumpton's patients do so regularly. Below are some of the comments we heard first-hand when we spoke with patients about their experiences with Dr. Crumpton and his staff.

"Dr. Crumpton is amazing and his staff is the best. He treats my entire family. If I could, I'd take the dogs in to see him too!" — Kim B.

Kim broke her tooth on Christmas Eve. Her dentist wasn't available so she searched for someone to repair her tooth and found Dr. Crumpton. "I had always been fearful of dental procedures and was anxious about going to a dentist I didn't know. I was impressed with how gentle and caring Dr. Crumpton was. Even though it was Christmas Eve, he took the time needed to make me feel comfortable and safe," says Kim.

Eight years later, Kim and her entire family remain patients of Dr. Crumpton. "Dr. Crumpton has taken my fear away and his work is excellent. I am so happy to have found Dr. Crumpton!"

"Dr. Crumpton gave me back my smile!" — Brian S.

Until recently, Brian suffered from a bad bite and a series of problems with his teeth, causing him discomfort and embarrassment. At one point he was told that he would have to have his jaw broken in an involved and lengthy process. After that, Brian was hesitant to see another dentist about reconstruction until he heard of Dr. Crumpton.

“Dr. Crumpton gave me the confidence to move forward with a full-mouth reconstruction that included porcelain veneers, crowns and more. He explained that I didn’t need to have my jaw broken. He was extremely skilled, caring and careful. The outcome is better than I had imagined.”

Brian says that his new smile not only looks and feels fantastic, but makes him look 10 years younger. “I would encourage anyone to have any type of work done by Dr. Crumpton. I would have done it years ago if I had found a great dentist like Dr. Crumpton!”

“My husband, who had been fearful of dentists, encouraged our entire family to see Dr. Crumpton after his first appointment. That was nine years ago and we’ve been going to him ever since.” — Cathy E.

“Dr. Crumpton suggested implants (the replacement of the root with a small titanium post and the tooth with a crown) to replace old bridge work,” Cathy said. “He educated me and explained every step of the procedure so I could make an informed decision. He never pressured me and let it be my decision, which I appreciated. Plus he didn’t have to refer me to another dentist to place the implants — he did everything — the posts and the crown. I felt no pain during the procedures. Dr. Crumpton was so concerned about my well-being and gentle throughout the entire process. My new teeth look great and feel like my natural teeth.”

“Thank you for being so sensitive to my nervousness and for restoring my faith in the dental profession!” — Dick D.

With a growing sense of unease in the dental chair, Dick decided to find another dentist to place a crown after several uncomfortable experiences. “I was dreading the next phase. My wife’s boss had spoken highly of Dr. Crumpton who used modern CAD/CAM techniques that really minimized the time taken for treatment so I made an appointment. After a brief examination and X-rays that were immediately projected on a monitor in the treatment room, Dr. Crumpton explained my options. Within 90 minutes I was through, including a new tooth made on-premise! What an amazing experience ... I’m a patient for life!”

Dick adds that the office staff is “fantastic, cheerful, helpful and efficient,” rounding out the experience.

State-of-the Art Practice, Comprehensive Dental Care

In addition to skill, gentle care and an office with a warm, relaxing atmosphere, Dr. Crumpton and the staff use state-of-the-art techniques and technology to provide the ultimate in dental care. Special emphasis is placed on oral health education for all patients. Dr Crumpton offers a comprehensive array of services and provides them in the most gentle and timely way possible, because it really is about what is “Best” for their patients.

Is this kind of dental practice you’ve been looking for? Dr. David Crumpton and his staff have asked us to extend a warm welcome to you and hope that you will visit them soon. Call 817-491-3344 for more information or to schedule an exam.

Located at 300 Trophy Club Drive, Suite 300, in Trophy Club, office hours are 7 a.m. to 4 p.m., Monday through Thursday. After hours appointments are available by appointment. As a special gift, free teeth whitening is given upon completion of a new patient exam and cleaning. Please visit our Web site for more information at www.davidcrumptondds.com.
